Protective coatings for vehicles

all road vehicles and railway engines/ rolling-stock, new, classic, vintage, building and agricultural machinery, containers, etc.

Beschermerende coatings voor voertuigen

weg- of spoorweg voertuigen, nieuw, klassiek, commercieel, bouwmachines, landbouwmachines, containers, enz.

Effective protection with Brantho-Korrux

Primer and finish

Brantho-Korrux „3in1“

- for metals and many other substrates
- one material: primer, intermediate and topcoat
- infinitely recoatable without abrading
- pore free, eggshell finish
- can be overcoated with high gloss finishes
- corrosion resistant, can be applied on flash rust, excellent hiding power
- simple application, good edge covering
- flexible, excellent adhesion, rapid drying
- no sagging, surface tolerant
- environmentally acceptable, various colours
- brush, roller, spray; from -10°C up to 30°C
- mixable with „nitrofest“ and „Robust-Lack“
- extensively tested, thoroughly proven by millions of practical applications.

Primers

Brantho-Korrux „nitrofest“

- for iron and steel, also manually prepared surfaces
- various colours, matt finish, fast drying
- low odour, high solids, environmentally acceptable
- simple application, universally recoatable
- brush, roller, spray; good edge covering

Branth's Adhesion-Primer-Special (APS)

- for all metals: primer for very smooth surfaces
- exceptional adhesion, matt finish, grey (\pm RAL 7038)
- universally recoatable
- brush, roller, spray

Branth's Rust-Primer Orange (RPO)

- brush application, high build primer and filler
- matt orange finish, ideal for rough surfaces
- excellent surface tolerance, high solids,
- universally recoatable, fast drying

Effectieve bescherming met Brantho-Korrux

Grond- en deklaag

Brantho-Korrux „3in1“

- voor metalen en andere ondergronden
- één materiaal, grond-, tussen- en deklaag
- onbepaald overschilderbaar zonder schuren
- porievrije, zijdeglanzende oppervlakte
- met glanzende deklagen overschilderbaar
- roestwerend, ook op vliegroest, zeer goede dekkraft
- eenvoudige verwerking, goede kantendekking
- elastisch, hechtend, snelle aandroging
- geringe zakneiging, ondergrondtolerant
- hoge milieuverdraagzaamheid, diverse kleuren
- kwasten, rollen, spuiten, van -10°C tot 30°C
- mengbaar met „nitrofest“ and „Robust-Lack“
- uitvoerig getest, miljoenen keer bewezen in de praktijk

Grondlagen

Brantho-Korrux „nitrofest“

- voor ijzer en staal, ook voor hand ontroest
- diverse standaard kleuren, mat, sneldrogend
- geur arm, hoge vaste stof, milieu verdraagzaam
- eenvoudige verwerking, universeel overschilderbaar
- kwasten, rollen, spuiten; goede kantendekking

Branth's Haftgrund-Spezial (HgS)

- voor alle metalen, roestwerend
- zeer goede hechting, mat, grijs (\pm RAL 7038)
- universeel overschilderbaar
- kwasten, rollen, spuiten

Branth's Roestwerende-Menie loodvrij (RMb)

- bij voorkeur kwast verwerking
- mat, oranje, snelle aandroging
- ondergrond tolerant, hoge vaste stof
- universeel overschilderbaar

Overview of Brantho-Korrux materials

1-component, easy to apply

- **3in1**, eggshell finish, primer, intermediate and topcoat for all metals, strong adhesion, flexible, trouble-free recoating
- **nitrofest**, fast drying matt primer for manually prepared or bare iron and steel, abradable, universally recoatable
- **Robust-Lack**, similar to "3 in 1" with gloss finish, flexible
- **S-Glasur**, high gloss topcoat, ideal on „nitrofest“
- **normal**, natural resin based corrosion resistant alkyd coating
- **ecobase**, water-based primer, matt finish, fast drying
- **ecopakt**, water-based primer / topcoat

2-component, with special properties

- **2-Kompo**, fast drying, silk-gloss, for all metals, popular adhesion-primer for zinc, universally recoatable
- **2K-Durasolid**, for continuous water immersion
- **2K-Anti-Graffic**, coloured or clear, high chemical resistance
- **2K-M-Schutzlack**, glossy clear-varnish, excellent adhesion
- **2K-Flexi-Lack**, coloured or clear, extremely flexible and impact resistant

Various products, thinners

- **Kombi-Thinner**, powerful, fast evaporation, for all Branth coatings
- **Spezial-Thinner**, slow evaporation, for all Branth coatings
- **Edel-Firnis**, impregnating, oil/resin-based wood preservative
- **Alu-Glasur**, dry heat-resistant up to 600°C, recommended for temperatures above 250°C
- **APS**, fast drying adhesion primer for very smooth surfaces
- **RPO**, lead-free rust-primer and filler for rough surfaces
- **Slide-Stop-Additiv**, non-skid granulate for 3 in 1, 2-Kompo, Durasolid, etc.

Every application with Brantho-Korrux contributes sustainable durability, besides,

- Brantho-Korrux does not contain environmentally hazardous metals like lead, cadmium, zinc, etc.
- every litre of Brantho-Korrux contains the highest possible solids and the lowest possible solvents.
- the application properties of Brantho-Korrux are very simple, low-risk and fool-proof
- the manufacturing is EMAS/Eco-Audit and ISO 14001 certified, the Quality is TÜV-tested, our Quality Assurance system is TÜV-supervised
- for many years, our environmentally acceptable coatings have extensively proven themselves in practice, our know-how is based on almost 125 years of experience!

Available packaging sizes:

- Standard: 750 ml, 5 litre
- Upon request: 10 litre or 20 litre pails, or
- 200 litre "open top" barrels

Overzicht Brantho-Korrux soorten

1-komponent, eenvoudige verwerking

- **3in1**, zijdeglanzend grondlaag en afwerklaag voor alle metalen
- **nitrofest**, voor ijzer en staal (blank of hand ontroest), mat, sneldrogend, schuurbaar, universeel overschilderbaar
- **Robust-Lack**, elastische glans-lak, mengbaar met „3in1“
- **S-Glasur**, glanzende deklaag, ideaal op „nitrofest“
- **normal**, natuur corrosiewerende lak
- **ecobase**, water-verdunbaar, mat, sneldrogend
- **ecopakt**, water-verdunbare grondlaag/deklaag

2-komponenten, met speciale eigenschappen

- **2-Kompo**, sneldrogend vanaf 20°C, zijdemat, voor alle metalen, gewaardeerde hechtgrondlaag op zink, universeel
- **2K-Durasolid**, voor constante onderdompeling in water
- **2K-Anti-Graffic**, transparant of kleur, hoge bestendigheid
- **2K-M-Schutzlack**, glanzende vernis, extreem goede hechting
- **2K-Flexi-Lack**, transparant of kleur, flexibel en slagvast

Diversen, verdunningen

- **Kombi-Verdunner**, krachtig, snelle verdamping voor alle Branth verven
- **Special-Verdunner**, trage verdamping, voor alle Branth verven
- **Edel-Firnis**, drenkt hout met hars en olie
- **Alu-Glasur**, hittevast tot 600°C, aanbevolen belasting vanaf 250°C
- **HgS**, sneldrogende hechtgrondlaag, mengbaar met "3in1"
- **RMb**, loodvrije roestwerende menie, handmatige verwerking
- **Slide-Stop-Additiv**, anti-slip granulaat voor 3 in 1, 2-Kompo, Durasolid, enz.

Iedere schilderbeurt met Brantho-Korrux draagt bij aan duurzaamheid, bovendien

- bevat Brantho-Korrux geen milieuschadelijke metalen zoals lood, cadmium, zink, enz.
- bevat elke liter Brantho-Korrux zoveel vaste stof en zo weinig oplosmiddel als technisch mogelijk is
- is de verwerking van Brantho-Korrux zeer eenvoudig, risicoarm en fouttolerant
- is de productie Eco-Audit/EMAS- en ISO 14001 gecertificeerd, de kwaliteit TÜV-getest, het kwaliteitsbewakingsstelsel TÜV-gecontroleerd;
- zijn de milieu verdraagzame verven en lakken sedert jaren in de praktijk bewezen, onze Know-How baseert zich op bijna 125 jaar ervaring.

Beschikbare verpakkingen:

- Standaard: 750 ml, 5 liter
- Op aanvraag: 10 liter of 20 liter blikken, of
- 200 liter vaten met deksel
